Succulents & Gardening Questions Answered

By Rick Carrasco of Plant Depot

October is a great time for cleaning out.
 “Out with the old, in with the new!”
The plant table is the perfect place for extra & superfluous stuff!

Plant Depot is very graciously loaning us their expert nurseryman, Rick Carrasco, as our speaker for the October

meeting. A resident succulent expert and proverbial egghead where dirt, plants and bugs are concerned, will talk to us about introducing succulents into our landscape. Rick will cover soil preparation, planting, care, exposure, and basic design including, how to mix succulents with other plants. But wait, that’s not all—he will also answer previously submitted questions related to all things gardening.

Rick has been in the nursery business for over 30 years, owned his own business, worked for a number of Orange County nurseries, does landscape design consulting, and is currently employed at Plant Depot, San Juan Capistrano. He is a member of the California Association of Nurserymen and is certified as a professional. He has also received an advanced certificate in identifying insects, diseases and weeds. It has taken many years of continued education to retain these certifications. We are particularly lucky to have Mr. Carrasco share his know-how with us.

Welcome!

A Castle by the Sea

Villa Rockledge Tour

Added to the National Registry of Historic Places in 1984, the 5,000-square-foot house named Villa Rockledge, perched on the edge of a rock hillside, appears to float above the private beach 50 feet below and offers ocean views from every room—even some bathrooms and closets! This will most likely be our premier tour this year, so be sure to sign up!

On Friday, October 26, at 9:15 am, we will meet at the First Church of Christ, Science parking lot, corner of High Drive and Rose Place, North Laguna to car pool. We will leave at 9:30 am and arrive for our tour by 10:00 am. We have been invited to bring our sack lunch and dine on the terrace. Further details will be discussed at the October 12th general meeting.
